Questions regarding my shares and the registry:

Q. How do I know if my shares have been purchased and how?

A. Your licensed stockbroker will issue you with a Contract Note once your shares have been either purchased or sold. The Contract Note is confirmation that a transaction has taken place

As of 21 August 2023, settlement of transactions is on a T + 2 basis. This means that once a buy and sell order have been matched electronically on the PNGX (PETS) trading system, the transaction is settled after 2 working days, wherein the buyer receives the shares, and the seller receives the sale proceeds.

The Share Registry keeps track of who owns the shares of a listed company and will update the listed company's share register once all the trades are reported to it by the PNGX.

It is the responsibility of the Share Registry to register your shares if you are a buyer and to issue you with a Holding Statement.

There are 2 share registries that manage the share registers for all the publicly listed companies on the PNGX, namely, PNG Registries Limited and Computershare.

At present it can take up to 3 weeks for you to receive your holding statement by post from PNG Registries Limited. It is essential that the share registry has your correct postal address to avoid delays. You can also collect your holding statement in person from the office of PNG Registries Limited. You will need identification and your Contract Note.

All shareholder related enquiries should be directed to the relevant share registry.
